EDUCATION FOR A BETTER WORLD

## EXTRACURRICULAR PROGRAMME

### From The Head Of School

At Dyatmika SD we want to give our students the opportunity to learn, enjoy and excel both inside and outside the classroom.

At a time when students are experiencing new and exciting things regularly it is important to provide a range of opportunities to allow them to discover their interests.

Providing a varied and interesting extracurricular programme is important to us at Dyatmika. We want the students to commit to a range of activities throughout the year and develop their skills, knowledge and understanding.

We hope to have your support in encouraging your child to attend as many clubs as possible to ensure that they have a comprehensive educational experience. We would also appreciate your support in maintaining students commitment to the extracurricular programme.

Everyone working together will ensure a fun, active and exciting programme for the students.

**Peter Syme  
International Head of SD**
