DYATMIKA
EDUCATION FOR A BETTER WORLD

From The Head Of School

At Dyatmika Primary we want to give our students the opportunity to learn, enjoy and excel both inside and outside the classroom.

At a time when students are experiencing new and exciting things regularly it is important to provide a range of opportunities to allow them to discover their interests.

Providing a varied and interesting extracurricular programme is important to us at Dyatmika. We want the students to commit to a range of activities throughout the year and develop their skills, knowledge and understanding.

We hope to have your support in encouraging your child to attend as many clubs as possible to ensure that they have a comprehensive educational experience. We would also appreciate your support in maintaining students commitment to the extracurricular programme.

Everyone working together will ensure a fun, active and exciting programme for the students.

Peter Syme
International Head of EYP/Primary

Dari Kepala Sekolah

Di Sekolah Dasar Dyatmika, kami ingin memberikan kepada siswa kesempatan untuk belajar, menikmati, dan menjadi unggul di dalam maupun di luar kelas.

Ketika siswa mengalami hal-hal yang baru dan menarik secara teratur, kita seyogyanya menyediakan berbagai peluang yang memungkinkan mereka untuk menemukan minat mereka.

Di Dyatmika, kami ingin senantiasa menyediakan program-program ekstrakurikuler yang bervariasi dan menarik. Kami ingin agar para siswa dapat berkomitmen untuk mengikuti serangkaian kegiatan sepanjang tahun dan mengembangkan ketrampilan, pengetahuan, maupun pemahaman mereka.

Oleh karena itu, kami menghimbau Anda untuk mendorong anak-anak Anda agar dapat mengikuti kegiatan ekstrakurikuler sebanyak mungkin, agar mereka dapat memiliki pengalaman pendidikan yang komprehensif. Kami juga mohon bantuan Anda untuk memelihara komitmen siswa dalam program ekstrakurikuler yang mereka ikuti.

Setiap orang yang bekerjasama dalam menciptakan seluruh program ekstrakurikuler di Dyatmika akan memastikan agar para siswa dapat menikmati program-program ekstrakurikuler yang menyenangkan, aktif dan mengasyikkan.

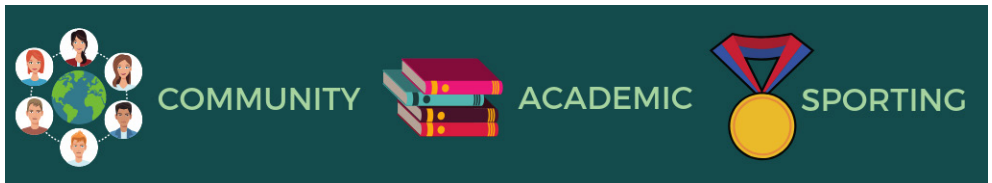

Peter Syme
Kepala Sekolah Internasional PAUD/SD

C.A.S. Award 2019-2020

At Dyatmika we categorise the Extracurricular Activities on offer into Community activities, Academic activities and Sporting activities. This helps us to ensure we are offering a broad, balanced range of experiences and giving all students the opportunity to enjoy and excel.

The C.A.S. Award is given in recognition of students who participate in a range of Extracurricular Activities and commit fully to these throughout the year. Last year we saw a continued increase in the number of students receiving this award and as a result have made the decision to offer the award to Primary students in 2019/20.

Students receive the award at the end of the school year. Intervention classes always take priority over Extracurricular Activities and will contribute towards the C.A.S. Award. Please check with your subject teachers if you are unsure whether you are expected to attend.

“We are committed to providing a wide variety of activities to our students”

Penghargaan C.A.S. 2019-2020

Di Dyatkika kami mengkategorikan semua klub Kegiatan Ekstrakurikuler yang kami tawarkan menjadi klub kegiatan Komunitas, klub kegiatan Akademik, dan klub kegiatan Olahraga. Pengkategorian ini membantu kami memastikan bahwa kami telah memberikan berbagai pengalaman yang luas dan seimbang kepada siswa, dan bahwa kami telah memberikan kepada siswa kesempatan untuk menikmati dan menjadi unggul dalam berbagai kegiatan tersebut.

Penghargaan C.A.S. kami berikan sebagai pengakuan terhadap siswa yang telah berpartisipasi dalam berbagai Kegiatan Ekstrakurikuler dan berkomitmen penuh dalam kegiatan tersebut sepanjang tahun. Pada tahun ajaran yang lalu, jumlah siswa yang menerima penghargaan ini semakin meningkat, dan sebagai hasilnya, pada tahun ajaran 2019/2020 ini kami membuat keputusan untuk kembali memberikan penghargaan kepada para siswa Sekolah Dasar.

Siswa akan menerima penghargaan ini pada akhir tahun ajaran. Kelas-kelas intervensi memperoleh prioritas lebih daripada Kegiatan Ekstrakurikuler, dan memiliki kontribusi bagi penghargaan C.A.S. siswa. Apabila merasa tidak yakin kelas mana yang harus mereka ikuti, siswa diminta untuk mengecek kelas-kelas intervensi dengan guru mata pelajaran yang bersangkutan.

ACADEMIC

Klub Akademik bertujuan untuk mendukung dan memperluas pembelajaran yang telah terjadi di ruang kelas. Siswa memiliki kesempatan untuk mengerjakan tugas-tugas mereka dalam bidang tertentu dalam kelompok yang lebih kecil, yang memungkinkan mereka agar dapat benar-benar berfokus pada topik yang tengah mereka pelajari. Beberapa siswa diwajibkan untuk mengikuti klub akademik sebagai bagian dari dukungan berkelanjutan yang ditawarkan di Dyatmika untuk memastikan agar setiap siswa mampu mencapai potensi mereka.

Academic Clubs support and extend the learning that takes place in lessons. Students have a chance to work on specific areas in smaller groups that allow them to really focus on the topic. The Suzuki Violin teaching approach uses the basic principles of language acquisition to the learning of music, also known as the mother-tongue approach. The ideas of parent responsibility, loving encouragement and constant repetition are some of the special features of the Suzuki approach. Pak Robert teaches this approach in his Violin Beginner class, open to complete beginners from Primary Prep to Class 5. For Suzuki Violin to be successful it is recommended that parents join the students in the lessons to become the 'home teachers'. Please feel free to join your child if possible. For this activity students must buy their own violin. Pak Robert can assist you with this.

Pendekatan pengajaran Suzuki Violin menggunakan prinsip dasar penguasaan bahasa untuk pembelajaran musik, juga dikenal sebagai pendekatan bahasa ibu. Gagasan tentang tanggung jawab orang tua, dorongan penuh kasih, dan pengulangan yang konstan adalah beberapa fitur khusus dari pendekatan Suzuki. Pak Robert mengajarkan pendekatan ini di kelas Biola Pemula, terbuka untuk melengkapi dasar dari Persiapan Sekolah Dasar hingga Kelas 5. Agar Suzuki Violin menjadi sukses, disarankan agar orang tua bergabung dengan siswa dalam pelajaran untuk menjadi 'pengajar di rumah'. Silakan bergabung dengan Putra/i Anda jika memungkinkan.
