

COVID-19 dan Bepergian ke Luar Negeri

Orang tua dan Wali Siswa Yth.,

Bersama ini perkenankan saya mengingatkan Anda tentang beberapa hal yang penting terkait dengan tanggapan Dyatmika atas ancaman wabah virus corona (COVID-19):

1. Jika anak Anda bepergian ke luar negeri, mohon mengisi [Travel Declaration Form](#) (Formulir Deklarasi Perjalanan). Kami mengetahui ada beberapa keluarga yang belum mengisi form tersebut untuk liburan minggu lalu.
2. Para anggota keluarga dirumah Anda wajib **menjauhi sekolah/tinggal di rumah** jika, sekembalinya mereka dari mengunjungi negara lain, menunjukkan gejala-gejala COVID-19.

Gejala COVID-19 meliputi demam, batuk, sakit tenggorokan, sakit kepala, dan sesak napas. Harap dicatat bahwa banyak kasus COVID-19 yang hanya menunjukkan gejala ringan saja. Harap memeriksakan diri Anda ke dokter dan menginformasikan hal tersebut kepada pihak sekolah.

Jika Anda telah bepergian ke negara-negara yang terkena COVID-19, kami minta agar Anda memeriksa suhu tubuh anak Anda sebelum mereka tiba di sekolah, setiap hari selama 14 hari berturut-turut begitu Anda kembali ke Indonesia.

Salam hangat,

Ibu Julie

COVID-19 and Travel

Dear Parents and Guardians,

I would like to politely remind you of two important points related to Dyatmika's response to the threat of Coronavirus (COVID-19):

3. If your child is travelling outside Indonesia we require that you complete the [Travel Declaration Form](#). We are aware of some families who have not yet done so for the break last week.
4. Members of your household must **stay away from school** if, on return from an affected country, they show symptoms of COVID-19.

Symptoms include a fever, cough, sore throat, headache and shortness of breath. Please note that many cases experience mild symptoms. Seek medical advice and tell the school.

If you have been in affected countries, we ask that you check your child's temperature before they come to school for 14 days after your return.

Kind regards,

Ibu Julie
