

Dear Parents and Guardians,

I am writing to clarify some matters arising about the permission form for students to attend campus, *when the school has permission to reopen*.

**1. Dyatmika is not currently reopening.**

- *The school can only reopen when Denpasar becomes a green or yellow zone on the [COVID-19 task force map](#).*
- This will mean that the number of active COVID-19 cases will have dropped.

**2. The Ministry of Education (MOE) requires parents to sign a permission form before their child can attend in person.**

- The MOE suggests that schools complete this process now so that they can tell the government the number of children who will attend in person when schools can reopen in the future.
- Already having the data will mean that the process of reopening will be shorter.

**3. The school respects parents' decision to not sign their permission now for their child to attend in person.**

- *There will be other opportunities to sign your permission for your child to attend in person. The process may simply delay your child's return to school while new data are sent to the MOE.*
- If you do not wish your child to attend school in person, learning materials will be available on Google Classroom.
- If you sign the form now, you still have the choice to keep your child at home when school reopens

Regards,
