

Dear Parents and Guardians,

We are writing to ask for your continuing support and patience as we move through this difficult time together.

Fee payments

We would politely ask that if you have not already made the fee payment due on 5 August, that you please now make the payment. In this way the school can retain the required cashflow.

Payment plans

To assist our community Dyatmika has offered payment plans. These have been taken up by almost a quarter of families. Each payment plan is different depending on:

- the option chosen
- the class level(s)
- the number of siblings
- whether there are outstanding fees

Each plan and invoice calculations are completed individually. This is precise, time consuming work and our Accounting Team are working extremely long hours to support Dyatmika parents in this way.

This is also the month when the school's books are closed from the previous academic year and reports are prepared for the auditor.

With these things in mind, we appeal for your patience in waiting for an answer to any questions you may have. A reply will come to you by email once the work is completed. Currently there is a very high volume of inquiries.

We request that you do not call about finance related matters, as we do not wish to offend anyone when an immediate answer cannot be provided.

Thank you for your understanding and continuing support.

Kind regards,

Ibu Julie
